# Installation

The Right Angle Arm Support (RAAS) can be attached to a 1/2" knockout of any 0-10V fixture with a 12V output driver. Compatible with High Bay Low Voltage Controller/Sensors.

Insert the RAAS into the 1/2" knockout of a compatible fixture. Twist the RAAS clockwise into place until it sits flush with the fixture. Connect the wires from the RAAS to the fixture's driver based on the diagram below.

**Black** White +12V 12VDC input  
**Pink** GND 0/1-10V DIM  
**Purple** DIM+ 0/1-10V DIM+

# Configuration

All configuration of Lightcloud Blue products may be performed using the Lightcloud Blue mobile app. Learn more at [www.rablighting.com](http://www.rablighting.com)
