

RAB®

EVC32/40

Simplify your charging with the EVC32/40. Plug-and-play, Level 2 electric vehicle chargers.

Just plug it in.

The EVC32 and 40 are powerful, Level 2 electric vehicle chargers designed for plug-and-play use. No complicated set up, no unexpected costs, no commissioning, no software. Simply plug it in and start your high-speed charging!

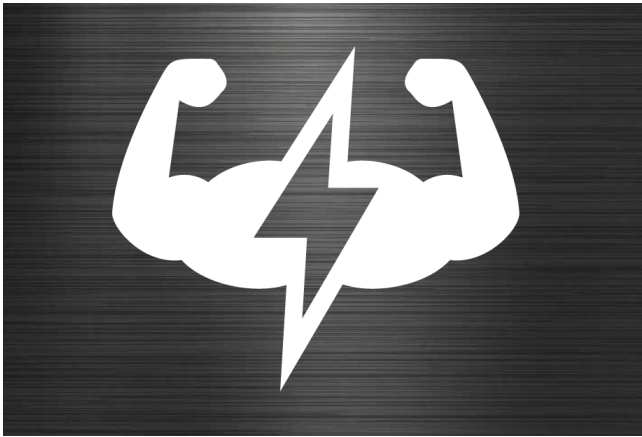

3-YEAR, LIMITED WARRANTY

RAB's warranty is subject to all terms and conditions found at rablighting.com/warranty

Flexible, powerful, sustainable.

Suitable for both residential and commercial use, these EVCs are compatible with standard outlets (200 - 240V), deliver up to 9.6 kW of power, and use a NEMA 14-50 plug. May qualify for utility rebates, incentives, or tax credits in your area.

Safe connections for your vehicle.

- CCID20 leakage protection
- Over/under voltage protection
- Over current protection
- Ground fault protection
- Operating temperatures of -22°F to 131°F (-30°C to 55°C)
- Suitable for outdoor use: NEMA Type 4, IP65 rating
- Will function properly at altitudes up to 6500 ft
- Vandal resistant, IK08 rating

Designed for convenience.

Both models include a charging nozzle holder that can be wall mounted, a 23-foot cable for flexible charging location, and an LED indicator light on the charger for quick, simple, charging status checks.
