Powerful security lighting.

The LU160 includes 2 completely adjustable LED floodlights with a frosted, polycarbonate lens, that kick out up over 2000 lumens.

Motion detection from the best.

The LUMINATOR is equipped with a passive infrared (PIR) motion sensor that's capable of up to 160° and 50 ft. detection depending on your mounting height.

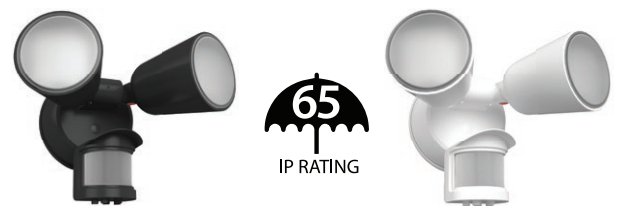

Daylight sensing.

An integrated dawn/dusk photocell can automatically deactivate lights during the day and turn them on when needed for additional energy savings.

Color options.

The LUMINATOR is IP65 rated and available in bronze and white finishes to complement a variety of exterior applications.
