FIELD
ADJUSTABLE

Full cutoff, field adjustable and priced right. SLIM17 ultra-economy wall packs.

Field-adjustable control.

The SLIM17 comes with a field-adjustable CCT switch that's easily accessed on the side of the fixture and allows you to choose between 3000, 4000 and 5000K.

On when you need them, off when you don't.

All models come standard with an integrated, selectable, on/off photocell that can automatically control when the wall packs turn on for even greater energy savings.

Plenty of options.

These larger SLIM17s come in two sizes and are available in five different wattages: 40, 60, 100, 120 and 150W.

The proof is in the performance.

Tight budgets don't mean having to sacrifice on performance. The SLIM17 delivers 80+ CRI and a high efficacy of up to 145 lm/W, all with 0-10V dimming. Its diffuse, uniform output comes without the flickering or humming often found in ultra-economy lighting.
