SLIM17FA

Now available in 2 new wattages!
SLIM17—The wall pack you want at the price you need.

Control where light goes.

The SLIM17 comes in two sizes and four wattages, all with fully adjustable cut off, from full cutoff up to 90° in 15° increments, so you can put the light where you need it.

When mounted and kept at its 0° setting, the SLIM FA is a full cutoff wall pack and is Dark Sky friendly.

Field-adjustable control.

The SLIM17 comes with a field-adjustable CCT switch inside the fixture that allows you to choose between 3000, 4000, and 5000K color temperatures.

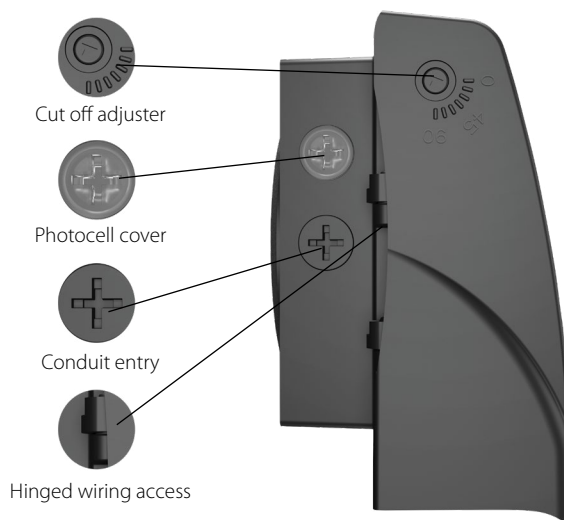

The proof is in the performance.

Tight budgets don't mean having to sacrifice on performance. The SLIM17 delivers 80+ CRI and a high efficacy of up to 160 lm/W, all with 0-10V dimming. Its diffuse, uniform output comes without the flickering or humming often found in ultra-economy lighting.

On at dusk, off at dawn...

Both models come standard with an integrated photocell that will automatically control when the wall packs turn on for even greater energy savings.

Easy installation.

Hinged wiring access and conduit entries on the back, sides, top and bottom make installation a snap.

Ordering Matrix

Family	Wattage	Style	Color Temperature	Finish	Driver	Controls
SLIM17FA		ADJ				
	15	ADJ	Blank	Blank	Blank	Blank
	30	Angle Adjustable	3000/4000/5000K	Bronze	120-277V	Integrated Button
	50				0-10V Dimming	Photocell
	80
