

Our surface mounts had a growth spurt.
The low-profile, field-adjustable SUMO™ XL.

Versatility is key.

The SUMO XL's sleek, low-profile design adds a modern look to any space. With multiple sizes, field-adjustable CCT, and dimming options, they are versatile enough for both residential and commercial applications.

- Compatible with 3" or 4" junction boxes
- Matte, fade-resistant, polyester powder coat trim
- Five field-selectable color temperatures
- Edge-lit technology and low-glare optics deliver smooth, diffused light
- TRIAC and 0-10V dimmable options

Anywhere you want it.

All models are suitable for use in dry, damp, and wet locations, making it a cinch to add lighting to kitchens, hallways, stairways, bathrooms, porches, closets*...you name it!

*Compliant with NEC Sec. 410.16 (A)(1) and 410.16 (C3).

120V or Universal Voltage

120V and Universal Voltage models available.

90 CRI

Accurate color rendering.

Wet Rated

Safe to use in wet locations.

Dimming

TRIAC dimming for 120V models; TRIAC/0-10V dimming for Universal Voltage.

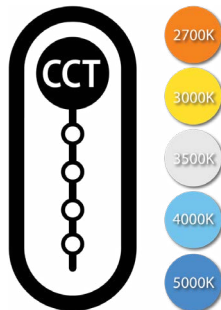

Anti-UV Plastic

Prevents discoloration from prolonged sun exposure.

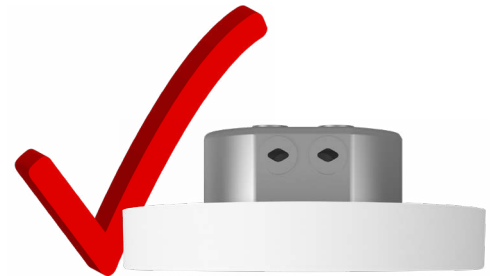

Selectable CCT.

All SUMO XL models have five field-adjustable color temperatures that maximize versatility with the flick of a switch.

Keeping it simple.

These downlights can be mounted to standard 3" or 4" junction boxes on either ceiling or wall.
