SWISH MAX

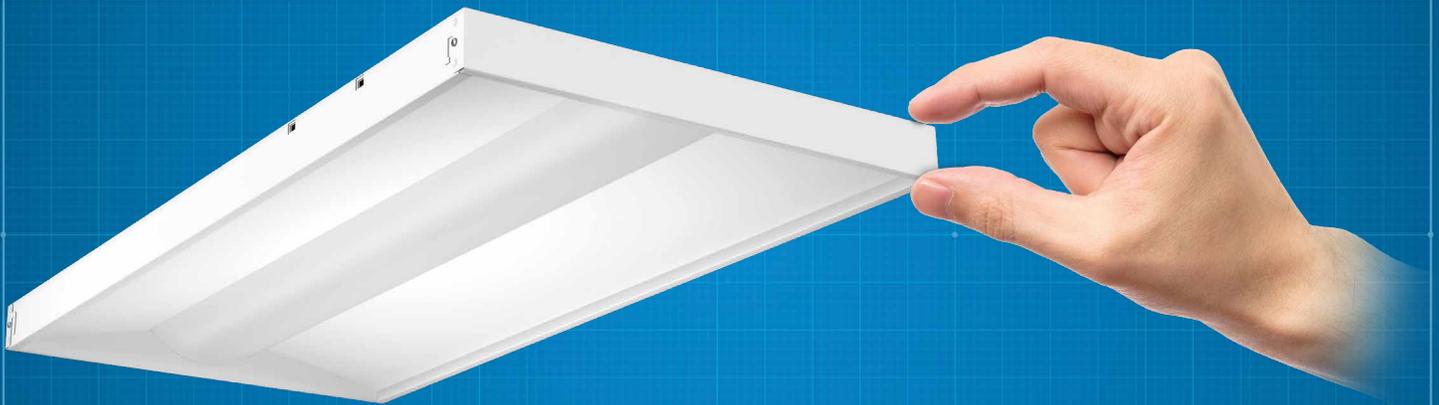

Get more from your basket!

SWISH MAX—Lighter, slimmer, and field adjustable.

Save shelf and cargo space.

Lighter, slimmer, and sturdier than typical panels, the SWISH MAX offers a premium build that saves you cargo and storage space.

Field-adjustable versatility.

Available in 2x2, 2x4, and 1x4 models, the SWISH MAX offers three selectable wattages and CCTs for flexible installations in applications such as healthcare facilities, office spaces, and classrooms, where lighting preferences vary from space to space.

*Please visit rablighting.com to see which models have DLC or DLC Premium listing.

5-YEAR, NO-COMPROMISE WARRANTY

RAB's Warranty is subject to all terms and conditions found at rablighting.com/warranty

Mounting made easy.

The SWISH MAX is compatible with our recessed mounting kits (RMKPANEL) for use in drywall ceilings or grids. IC rating allows for direct contact with insulation.

Lightcloud®

PIR SENSOR

MVS SENSOR

Stay in control.

All models are available with integrated Lightcloud or Lightcloud Blue for use with our wireless lighting control systems. Various occupancy sensors are also offered.
