Value where it counts.

VAL lets you dial in your output with field-adjustable wattage and CCT — hitting the essentials at a price point that works, with high efficacy keeping energy costs in check.

Built for the long haul.

A rugged IP65 housing, 3G vibration compliance, and 10kV surge protection stand up to weather and traffic, and our 10-year warranty means that performance is worry-free.

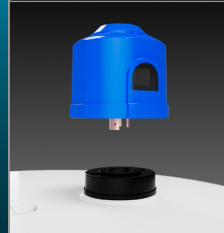

Control-ready options.

The VAL offers two ways to add control accessories (*purchased separately*) to your site.

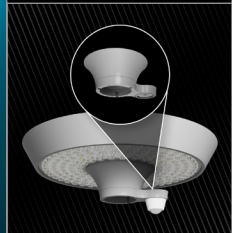

1

Optional 7-pin twistlock receptacle/shorting cap for photocell and networked controls

2

Pole-mounted accessory compatible with standard or Lightcloud Blue PIR and MVS sensors
