

RAB®

AURA

Every room deserves
a radiant center.
The decorative AURA collection.

Light that works as hard as it looks.

The AURA surface mount does double duty with both a main downlight and a soft indirect light that is bounced back up toward the ceiling by a rippled reflector. Five selectable CCTs and three wattage options let you dial a truly atmospheric look.

Versatile by design.

The 16" surface mount can be used flush to the ceiling or suspended with a separate accessory kit, giving you two installation options from one fixture. Available in a White/White/Silver or Black/Gold finish, it fits seamlessly into countless spaces.

Pendants with a sculptural edge.

The AURA pendant line comes in 8" (8W) and 12" (15W) sizes with five striking finish combinations, all with a beautiful, warm 2700K output. And because they are suspended on a cord, height is fully adjustable to suit the space.

Make it smart.

The Lightcloud Blue XDIM family of dimmers makes it easy to install with any TRIAC/ELV dimmable fixture. Quickly pair to your phone to enjoy wireless control — no hub required. Add the Nano to use voice commands and control your lights from anywhere.
