

Daisy Chain Wafer

Easy-install wafers, now for residential use!
Field-adjustable daisy chains with TRIAC dimming.

Reduce installation costs by up to 50%!

With 6 canless, quick-connect DAISY wafers controlled by only one driver, you'll save on things like housings, wire, clamps, wire nuts, and most importantly, installation time.

Maximized versatility.

With five field-selectable color temperatures, these wafers help maximize installation flexibility in both residential and commercial applications. They're also wet rated, making them ideal for indoor and outdoor use.

High performing.

All models are 120V TRIAC dimmable down to 10% and deliver 90 CRI for accurate color rendering.
