L2X

TUNABLE WHITE

STEPLESS DIMMING

Dusk-to-dawn lighting
that adapts to your needs.
L2X—versatility you control.

Get that light just right.

The L2X features tunable white technology that lets you adjust the color temperature from a warm 3000K to crisp 5000K, ensuring the perfect output for any setting. With stepless dimming from 200 to 2100 lumens, you can also fine-tune the brightness to match your exact needs.

Smart dawn-to-dusk operation.

An integrated on/off photocell automatically manages operation, eliminating scheduling guesswork and optimizing efficiency.

Built for durability.

With an IP65 rating and impact-resistant polycarbonate lens, the L2X is engineered to withstand harsh weather conditions.

Versatile design.

Available in three finishes, the L2X seamlessly integrates with any architectural style. The dual heads are completely adjustable, providing precise illumination exactly where you need it.
