

RAB®

SLIM17

Full cutoff, field adjustable,
and priced right.
SLIM17 ultra-economy wall packs.

Field-adjustable control.

The SLIM17 comes with a field-adjustable CCT switch* that's easily accessed on the side of the fixture and allows you to choose between 3000, 4000 and 5000K.

*Dedicated 3000K models available by special order to meet DarkSky requirements.

On when you need them, off when you don't.

All models come standard with an integrated, selectable, on/off photocell that can automatically control when the wall packs turn on for even greater energy savings.

LIMITED
WARRANTY

RAB's warranty is subject to all terms and conditions found at rablighting.com/warranty

All models are full cutoff wall packs.
DarkSky-friendly versions available
by special order.

The proof is in the
performance.

Tight budgets don't mean having to sacrifice on performance. The SLIM17 delivers 80+ CRI and a high efficacy of up to 145 lm/W, all with 0-10V dimming. Its diffuse, uniform output comes without the flickering or humming often found in ultra-economy lighting.

Easy installation.

Hinged wiring access and conduit entries on the back, sides, top and bottom make installation a snap.

Lightcloud®

Lightcloud® Blue enabled.

Available with factory-installed Lightcloud Blue compatibility, for use with our wireless, Bluetooth mesh control system.
