

# RAB®

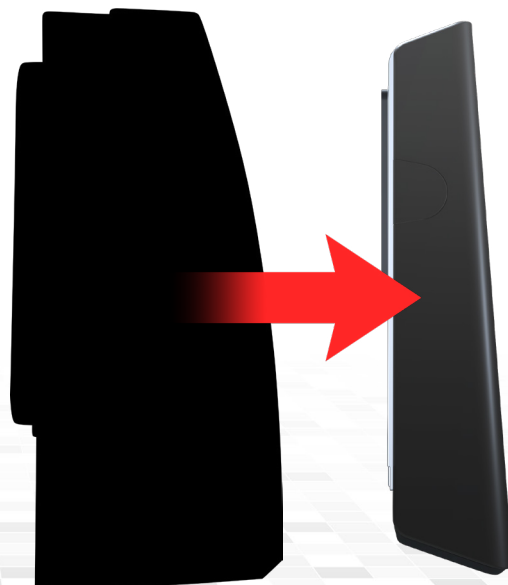

# SLIM

The iconic, low-profile SLIM...reimagined.  
Smaller, lighter, more efficient, and now field adjustable.

## SLIMmer than before.

The SLIM that has inspired an entire class of low-profile, full cutoff wall packs is now even better than the original. The more sustainable design weighs 36% less and is nearly half as deep for a super-low-profile aesthetic.

100,000 HOUR LED LIFESPAN

0-10V DIMMING

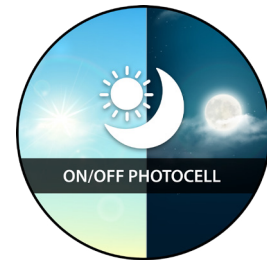

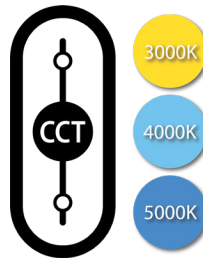

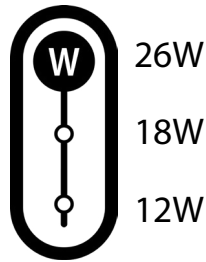

10-YEAR, NO-COMPROMISE WARRANTY

RAB's warranty is subject to all terms and conditions found at [rablighting.com/warranty](http://rablighting.com/warranty)

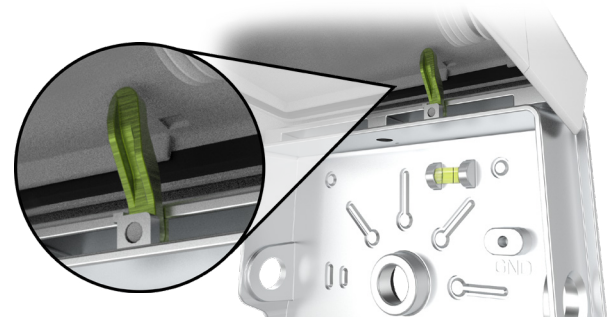

## Field adjustability reduces SKUs.

All models of the new SLIM now come with 3 selectable wattages and color temperatures, eliminating the need to choose between 12, 18, and 26W models. One SKU does it all. An on/off photocell is also included for additional flexibility.

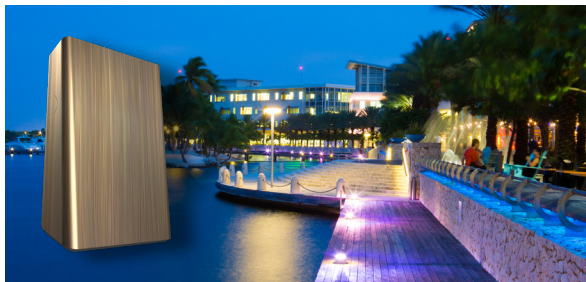

## Intelligent design for easy installs.

The SLIM's new look also includes a heavy-duty mounting bracket with a spring-hinged housing and a "kick stand" that allows for a simple, quick, hands-free installation.

## Sustainable brass.

SLIM is available in three finishes, including 100% non-rusting, non-corroding brass that withstands rough weather conditions and will naturally patina over time. Brass is also a sustainable and recyclable material that helps us reduce our overall environmental impact.

## Now with a 10-year warranty.

The new SLIM is now backed by RAB's industry-leading, 10-year, no-compromise warranty, so you can have the peace of mind of knowing that your investment is protected for years to come.

## Ordering Matrix

Product Family	Wattage	Color Temp	Finish	Voltage/Driver
SLIM				
	Blank 26/18/12W Adjustable	Blank 3000/4000/5000K Adjustable	Blank W BR	Blank 120-277V, 0-10V Dimming
			Bronze White Brass
