

RAB

WFRX2

Now available in black!

The small-aperture, field-adjustable wafer.

More options at your fingertips.

This 2" wafer allows you to change CCT and wattage with the flick of a switch. Just one fixture is versatile enough for both accent lighting and downlighting, and it's ideal for either new construction or retrofit applications.

10W	900lm
8W	700lm
6W	520lm

The clean, high-end look.

Small aperture lights help create what's known as a "quiet ceiling" and add attractive, accent lighting without overwhelming a space. Commonly used to add a modern aesthetic, they are perfect for highlighting artwork and other attention grabbers.

FEATURE PAGE

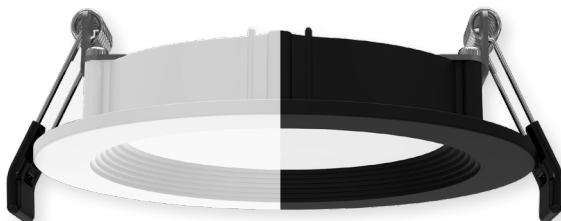

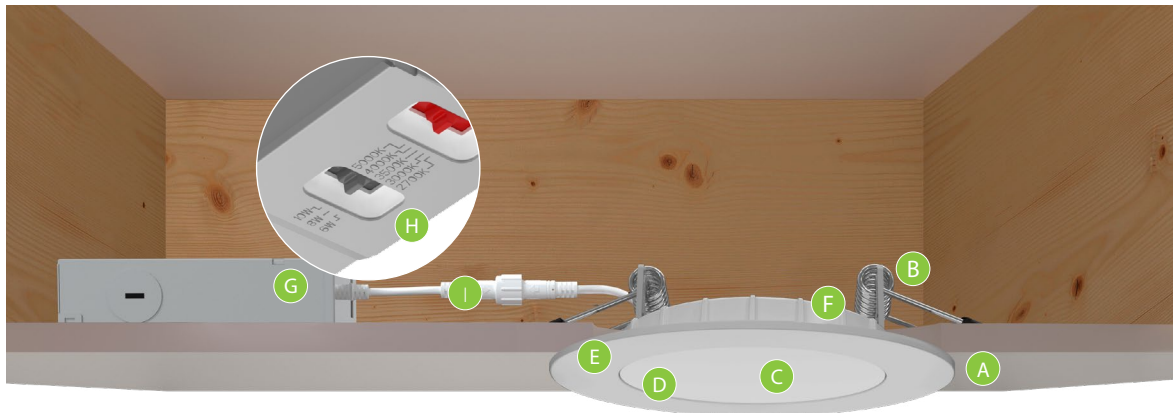

NO-COMPROMISE WARRANTY

RAB's warranty is subject to all terms and conditions found at rablighting.com/warranty

Thoughtful design.

- A** Edge-lit technology minimizes fixture depth
- B** Spring-loaded retention clips
- C** Frosted, diffusion lens for smooth output
- D** Smooth or baffle trim
- E** Gasketed to be airtight
- F** IC-rated for direct contact with insulation
- G** Remote driver eliminates need for a can
- H** Lumen and CCT select switches integrated in driver box
- I** FT5 Plenum-rated cable (per UL2043)

Traditional or contemporary.

Wafers are available in black or white trims, giving you the flexibility to choose between the seamless, understated look that blends well with standard ceiling colors, or the modern, dramatic look often used in contemporary or industrial-style spaces.

Anywhere you want it.

Rated for use in dry, damp, and wet locations, the WFRX is perfect for any application you throw at it, whether indoor or outdoor.

Ordering Matrix

Family	Size/Wattage	Shape	CRI/Color Temperature	Driver	Trim	Finish
