

RAB

EZPAN[®]

More options, same incredible energy savings and price.

The affordable, ultra-low-profile LED panel is available in 2'x2', 2'x4' and now 1'x4'.

EDGE-LIT PANELS

RAB's warranty is subject to all terms and conditions found at rablighting.com/warranty

- Ultra efficient, up to 126 lm/W, reducing energy costs by up to 73%
- Perfect for shallow plenums
- Even and diffuse ambient illumination, ideal for spaces where glare-free lighting is required
- Offered in three sizes and five wattages:
1x4 (17W,30W and 40W), 2x2 (17W, 30W and 40W) and 2x4 (30W, 40W and 50W)
- 0-10V dimmable driver, standard
- Emergency battery backup option available
- Available with factory-installed Lightcloud lighting control system Controller
- Microwave occupancy sensor available
- Available with integrated SmartShift™ circadian control

SmartShift-enabled EZPANs will adjust light levels and color temperature to match the natural pattern of the sun...a soft glow in the morning, energizing light during the day, and a warm hue in the evening.

An NEC-compliant junction box with flying leads makes wiring as simple as twisting a few wire nuts, and integral T-bar clips secure EZPAN to standard T-bar systems.

With a height just under 2", the EZPAN is an ideal solution for shallow plenums.

The EZPAN is available in three standard sizes (1x4, 2x2 and 2x4) for use in T-bar grids. We also offer three mounting kits for surface, pendant and recessed applications.

Performance data is based on test performed at 120V.

Performance - EZPAN with SmartShift

Note: SmartShift is the most advanced—yet easiest to use—circadian lighting system, which syncs white color tuning with the local sunrise and sunset. SmartShift is configurable down to the individual fixture for precision control and customization.
