Soft, even light with adjustable color temperature and output.

Under cabinet lighting that maximizes flexibility.

ENERGY STAR

RAB®

KNOOK® LED Undercabinet

- Field-adjustable light output & color temperature
- Designed to provide soft, uniform lighting on work surfaces
- Simple to connect multiple fixtures
- Occupancy sensor accessory controls on/off, and includes a switch to manually turn off fixtures
- TRIAC and ELV dimming down to 5%*

FIELD ADJUSTABLE

32"
24"
16"
8"

Available in four lengths: 8", 16", 24" or 32", and in brown or white.

KNOOK provides clean, uniform illumination across the length of the fixture, on walls and over countertops.

Each KNOOK fixture can be daisy chained with optional accessory jumper cables.

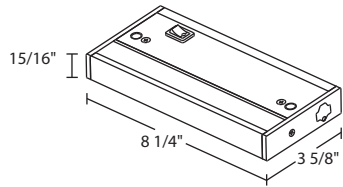

up to
550
lumens per foot

KNOOK leads in energy efficiency, beating out the competition with higher lumens per foot.

*List of compatible dimmers provided in the instructions.*

Specifications

UL Listed:
Suitable for dry locations

LEDs:
Long-life, high-efficacy, surface-mount LEDs

Driver:
Class 2, constant current, 60 Hz, 120V

Housing:
Die-formed steel with injection-molded endcaps

Lens:
Polycarbonate lens

Ambient Temperature:
Suitable for use in ambient temperatures up to 40°C *(104°F)*

Field Adjustable:
Lumen output *(selectable by 100% and 50%)*

Color temperature *(selectable by 2700K, 3000K and 3500K)*

Performance

KNOOK 3500K

Length	8"	16"	24"	32"
