

Tight budget? No problem.
RET34—Ultra-economy 4" & 6" retrofits.

We make it easy.

Our low-profile design makes them compatible with most recessed housings and integrated friction clips/torsion springs make installation quick and easy. All models also include an Edison base (E26) socket.

What you know and love.

These downlights are ideal for both new construction and retrofit applications. Models are offered in both 4" (6W) and 6" (7W) and in two popular color temperatures.

Anywhere you want it.

All models are suitable for use in dry, damp and wet locations, making them perfect for both indoor and outdoor use.

Stock up on cans.

RAB carries 4" and 6" recessed housings in both new construction and remodeler models. All housings are IC rated for direct contact with insulation, and compatible with our retrofit downlights.
