

# SM34

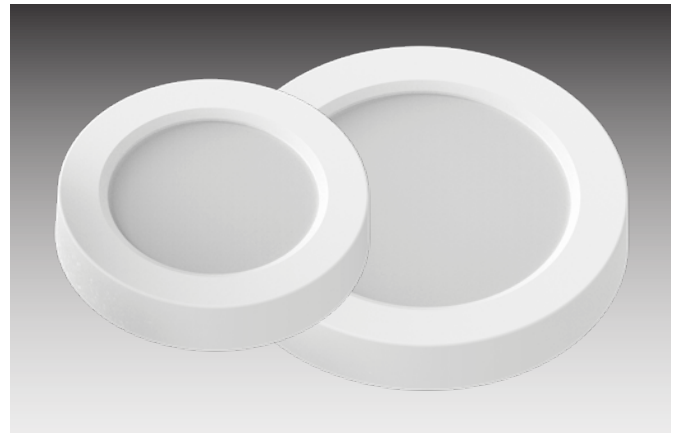

Simplicity at its best.

Economical surface mount with a contemporary look.

## Just the basics.

The SM34 is an economy product, designed to deliver the most common features. Offered in 5.5" and 7" round options, the SM34 comes in 3000K and is built for 120V use. Easy to install, they are a flexible, affordable, and stylish option for new construction or retrofit into an existing junction box or recessed housing.

## Anywhere you want it.

All models are suitable for use in dry, damp, and wet locations, making it a cinch to add lighting to kitchens, hallways, stairways, bathrooms, porches, utility rooms...you name it!

## Keeping it simple.

These downlights can be mounted to standard 4" junction boxes on either ceiling or wall. An optional mounting kit is available for 5.5" and 7" models that allows for installation into recessed housings.\*
