The 3-way field-adjustable floodlight.

3-Way field adjustability.

The X17 XFUs all come with field-adjustable color temperature and wattage, and include the added control of an integrated, selectable photocell.

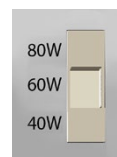

The small floodlight comes with a knuckle mount, and the medium offers the versatility of knuckle, slipfitter and trunnion mounts for flexible installations... all at a bargain price point.

Power Adjustable

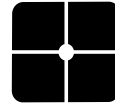

Perfect for everyday use.

The X17 XFU was designed to maximize versatility, with a wide 7H x 7V distribution that makes them the optimal floodlight for a large variety of general-purpose applications. 0-10V dimming is standard on all models.

0 -10V
Dimming

7H x 7V

The proof is in the performance.

Tight budgets don't mean having to sacrifice on performance. The X17 XFU delivers 80+ CRI and an industry-leading efficacy of up to 145 lm/W. Its diffuse, uniform output comes without the flickering or humming often found in ultra-economy lighting.
